Diagnose.me a.s. is a member of the Diagnose.me Group of companies.

Any use of the Services is governed by these Terms of Use. By accessing and using the Services you agree to be bound by these Terms of Use. If you do not accept these Terms of Use, you are not authorized to access and use the Services.

We may amend these Terms of Use from time to time. Only the most recent version is considered valid and binding. By continuing the access to and use of the Services, you agree that you have accepted these Terms of Use and any and all amendments thereto.

Please review these Terms of Use carefully. Their correct understanding is vital for the proper use of the Services. If you have any questions concerning the correct understanding of these Terms of Use, write to us to info@diagnose.me.

1. Our Services

- 1.1 Our Services are not to be used in emergencies.
- 1.2 In the event that the Services are to be used for the benefit of a person under the age of 18, the applicant for the provision of the Service, or access to the Service must always be ensured by a parent (legal guardian).
- 1.3 WE DO NOT PROVIDE ANY HEALTH CARE. OUR SERVICES SERVE SOLELY THE INFORMATION PURPOSE. PLEASE BE ADVISED THAT WE DO NOT GUARANTEE AND NEITHER SHALL WE BE LIABLE IN ANY MANNER WHATSOEVER FOR THE CONTENTS AND QUALITY OF THE INFORMATION PROVIDED TO YOU.
- 1.4 THE INFORMATION PROVIDED TO YOU INCLUDING FINDINGS AND RECOMMENDATIONS, SHALL NOT BE IN LIEU OF FINDINGS ESTABLISHED AND RECOMMENDATIONS GIVEN BY YOUR TREATING PHYSICIAN AND NEITHER SHALL THEY BE IN LIEU OF CLINICAL EXAMINATIONS AND COMPARISONS WITH ANY PREVIOUS MEDICAL REPORT(S) AND MEDICAL HISTORY.
- 1.5 THE USER ACKNOWLEDGES AND AGREES THAT ANY INFORMATION FURNISHED SHALL NOT ESTABLISH A PHYSICIAN-PATIENT RELATIONSHIP IN ANY FORM AND SCOPE AND MUST NOT BE INTERPRETED AND/OR QUALIFIED AS DIAGNOSIS, MEDICAL ADVICE, TREATMENT OR MEDICAL CARE. THE USER IS FULLY AWARE THAT THE PHYSICIAN RESPONSIBLE FOR DIAGNOSTICS, MEDICAL CARE AND TREATMENT SHALL ALWAYS AND SOLELY BE THE USER'S TREATING PHYSICIAN(S).
- 1.6 Our Services include:
 - 1.6.1 **Specialists Platform:** An online platform allowing Users to seek specialist evaluations of information, or consultations concerning their health condition, life style, nutrition and other fields.

- 1.6.2 **Websites and Applications:** Our websites and applications provide information concerning your health condition, lifestyle, nutrition and other fields according to the User's description.
- 1.6.3 **Premium oncology:** A premium package of services for Users diagnosed with a malignant tumor disease of the colon, breast or prostate. 1. Oncology Second Medical Opinion by three various experts (e.g. oncologist, radiologist, surgeon);. Genomic testing for targeted therapies - the use of personalized medicine methods to determine targeted therapy through a diagnostic test, the result of which is a list of active substances in the event that the insured person is diagnosed with a malignant tumour disease of the colon, breast or prostate. 3. Pathology review by independent experts.

2. Specialists Platform - Second Medical Opinion

- 2.1 The Specialist Platform Service connects individual Users seeking the assessment of information relating to health condition, lifestyle, nutrition and other areas (the "**Client Data**") by specialists (the "**Providers**") willing to provide such assessment(s) (the "**Report**").
- 2.2 Providers may include, without limitation, physicians, nutrition coaches, fitness coaches, mental health coaches and providers of assorted of AI algorithms.
- 2.3 Reports may be either in the written form (the "**Written Report**") or a video or telephone consultation (the "**Consultation**").
- 2.4 Users may order a translation of a Written Report (the "**Translated Written Report**") prepared by a person for the services of whom we arrange and who is not the Provider (the "**Translator**").
- 2.5 We deliver only ancillary services. Our services are delivered on an "as is" basis and are limited to administration of platforms containing profiles of different Users, providing access to the list of Providers, a platform for temporary storage of data and communication with a Provider and a point of contact (helpdesk) providing assistance services and settlement of payment of fees.
- 2.6 Please be advised that providers' data available on the Platform do not constitute any guarantee for a quality associated with any particular Provider and/or the quality of his/her services.
- 2.7 Please be advised that the Provider rather Diagnose.me is solely responsible for the contents and quality of any Report. We do not either check or guarantee in any manner whatsoever the contents and quality of a Report or any other obligations of a Provider. Providers charge an aggregate fee for preparation of the Report that is inclusive of all charges, costs and taxes (the "**Report Fee**"). Users meeting the conditions set out in these Terms of Use receive their Reports free of charge.
- 2.8 Preparation of a Written Report will be subject to a separate Report Agreement you need to conclude with the relevant Provider (the "**Report Agreement**").
- 2.9 Preparation of a translation of a Written Report will be the subject of a separate translation agreement to be concluded with the relevant Translator (the "**Translation Agreement**"). Please be advised that it is the Translator rather than Diagnose.me who is solely responsible for the contents and quality of the Written Report. We do not either check or guarantee in any manner whatsoever the contents and quality of any translation of a Written Report or any other obligations of a Translator. Translators charge a fee for the preparation of the Translated Report that is inclusive of all charges, costs and taxes (the "**Translation Fee**"). Users meeting the conditions set out in these Terms of Use receive their Reports free of charge.
- 2.10 Notwithstanding any statutory provisions applicable to individual Users, the Report Agreement will be governed by the law of the country where the Provider chosen by a

User is domiciled, and the Translation Agreement will be governed by the law of the country where the Translator chosen by a User is domiciled.

- 2.11** Opinions given by different Providers in relation to the same health issue may vary. By requesting a Service, you also accept and acknowledge that different Providers may give different, even contradicting information which, however, does not mean that our Services are faulty or incomplete.
- 2.12** Provider, acting at his/her own discretion, will assess whether the information contained in the documentation furnished by a User are sufficient for preparation of a Report. If the information furnished is insufficient, the Provider will request that the User supplement the information in a required form and furnish such information in a prescribed time limit.
- 2.13** Time limits for the preparation of Written Reports shall commence to run as of the moment when all the information and Client Data required its preparation will have become complete and Report Agreement concluded. All the time limits specified on the Website in days refer to working days, counting from the subsequent day.
- 2.14** If the information or Client Data you furnished to a Provider are not sufficient for the preparation of a Written Report, the Provider will request that you furnish correct and complete information and Client Data. It will be at the discretion of the Provider to assess the correctness and completeness of the information and Client Data. If the Provider requests that you furnish correct, suitable and complete information and Client Data, you will be required to do so within 5 (five) working days of the date of their requesting by the Provider. If you fail to do so, the Service is deemed properly delivered.
- 2.15** If a Provider requests that you furnish correct and complete information, the time limit agreed for preparation of the Written Report shall be suspended. The time limit for delivery of the Written Report shall resume to run on the day immediately following after the day on which you evidencably made available to the Provider all the information or Client Data the Provider requested.
- 2.16** No Client Data older than one (1) year shall be used for preparation of a Written Report. Such data will be accepted only for comparison with more recent data.
- 2.17** Once an order is completed, it will not be possible to make any modifications, including uploading additional documentation or questions.
- 2.18** Please note that any past Written Report prepared by a different Provider may be appended to your order.
- 2.19** Communication between Users and Providers, whether exchanged in the form of Written Report or otherwise, must relate solely to the description of Client Data. Providers do not provide to Users any treatment or health care. User must consult with his/her treating physicians any proposals or comments relating to a preferred treatment method received from a Provider.
- 2.20** Provider's Services may differ from the diagnostic services provided by the User's treating physician. Providers will have the benefit of the information that can be obtained only through personal examination of the User and observation of his/her physical condition. The Provider may not be aware of facts or information that might affect his/her opinion concerning the diagnosis. To mitigate the risk of this limitation to the User, it is recommended that the Written Report be discussed with the User's treating physician. By requesting the Provider's service, the User acknowledges the above limitation and assumes the risk attached to such a decision. The User also accepts that (i) any diagnosis received in a Written Report is limited and provisional; (ii) it is not the intent of any Written Report to be in lieu of proper medical examination or in-person visit to a physician; (iii) Providers do not have the important information that are usually obtained through physical examination; and (iv) absence of medical examination may affect the Provider's ability to diagnose properly the User's condition, illness or injury.
- 2.21** In addition, the User is aware that medical imaging may be uploaded to the information system only in the required format, namely DICOM (Digital Imaging and Communication

in Medicine). In order to be able to prepare a Written Report, Providers need a complete sequence forming the images, at sufficient quality and capturing the correct part of anatomy. If you do not upload images suitable for professional medical evaluation, the Provider will be unable to prepare the Written Report and will request that you re-upload suitable images.

3. Websites and Applications

- 3.1** The information displayed on our website and in our application are based on general medical information and are not intended as particular personalized medical advice. The information we provide should always be discussed with your treating physicians.
- 3.2** The website and application are exclusively for the use by Users. Users are not allowed to use that information for someone else, unless expressly allowed in the insurance policy.

4. Premium Oncology

- 4.1** The Premium Oncology is a package of services for Users diagnosed with a malignant tumor disease of the colon, breast or prostate. It consists of:

4.1.1. Oncology Second Medical Opinion

The Oncology Second Medical Opinion may relate to the same case/health problem, but cannot be directed to a doctor (specialist) with the same specialty. I. e. if the Client receives an opinion from one of the oncologists by using the Provider's Services, the Client is not entitled to obtain a second opinion from another Provider's oncologist to check or verify the first opinion obtained by using the Service. The second and third request must be addressed to another expert, e.g. radiologist, surgeon, etc. according to the diagnosis. Other conditions for provision of the Service pursuant to Article 1. and 2 hereof shall apply accordingly.

4.1.2 Pathology review

The Pathology review service includes transportation of the sample to the laboratory (within 1-7 days), quality control of the sample, expert pathology review of the sample, an opinion on the analysis of the sample, written pathology report, and its translation if needed. The Service uses a pathological analysis ("Analysis") of a tumor tissue ("Sample").

4.1.3. Genomic testing for targeted therapies

The Genomic testing for targeted therapies service includes a medical assessment of the case before the analysis (choice of the most suitable analysis, preparation of the program), transportation of the sample to the laboratory (within 1-7 days), quality control of the sample, molecular analysis of the sample, an opinion on the analysis of the sample, containing a list of active substances for a given cancer mutation and a prioritized list of approved options for targeted treatment and clinical trials, and medical assessment of the case after the analysis (sending the analysis results to the treating oncologist). The Service uses a molecular-diagnostic analysis ("Analysis") of a tumor tissue or blood sample ("Sample") to identify gene mutations in the User's tumor and prepare a personalized assessment ("Assessment") containing a list of active substances for a given cancer mutation and the best available targeted therapies.

- 4.2** The User must meet the following conditions to utilize the Service:
 - 4.2.1.** The type of cancer is one of the types covered by the Service: colon, breast or prostate cancer.
 - 4.2.2.** For Genomic testing, the User's ECOG performance status is on a scale between 0-2.
 - 4.2.3.** For Genomic testing, an FFPE sample of tumor tissue or a blood sample is available to the User.

- 4.2.3.1. Diagnose.me will assess whether it is possible to perform an Analysis from a blood sample after receiving the User's medical documentation and has the right to request only a tissue sample if it considers that a Blood Analysis is not possible.
- 4.2.3.2. The Sample must contain malignant cells (more than 30%).
- 4.2.3.3. The Sample cannot be older than 2 years.
- 4.2.4 For Genomic testing for targeted therapies and Pathology review, the Client has at his disposal a histological and/or pathological analysis of the Sample sent for Analysis.
- 4.2.5 For Genomic testing for targeted therapies, the Client's oncologist agrees with the provision of the Service by signing an Order form.
- 4.3 In order to provide the Service, Diagnose.me is entitled and will share all necessary medical data and the Sample with the third-party service provider.
- 4.4 The User will receive the Opinion within 4 weeks from the delivery of the Sample to the laboratory where the Analysis will take place. Samples are shipped by Diagnose.me and may take 1-7 business days.
- 4.5 The Oncology Second Medical Opinion may relate to the same case/health problem, but cannot be directed to a doctor (specialist) with the same specialty. I. e. if the User receives an opinion from one of the oncologists by using the Diagnose.me services, the User is not entitled to obtain a second opinion from another Diagnose.me's oncologist to check or verify the first opinion obtained by using the service. The second and third request must be addressed to another expert, e.g. radiologist, surgeon, etc. according to the diagnosis. Other conditions for provision of the service pursuant to Article 1. and 2 hereof shall apply accordingly.
- 4.6 The results of the Analysis are summarized in the Opinion in written form in English and handed over to the User's treating physician. The report contains a list of effective and ineffective substances and options for targeted treatment in clinical practice or within a clinical study.
- 4.7 The opinion is a recommendation for the attending physician, who will decide on the treatment regimen taking into account the User's individual medical history.
- 4.8 Diagnose.me is not responsible for damage caused as a result of taking the Sample and/or performing the Analysis and/or using the anti-cancer drug recommended in the Test.
- 4.9 Diagnose.me is not responsible for damages caused by incomplete, illegible or incorrect information provided by the User about his health condition.
- 4.10 Diagnose.me is not responsible in cases if:
 - 4.1.1 The Sample was sent correctly but was lost or damaged in transit or otherwise rendered unfit for use.
 - 4.1.2 The Sample is unsuitable or of insufficient quality to perform the Analysis.
 - 4.1.3 The equipment performing the Analysis breaks down and this prevents the delivery of the Assessment within the set deadline.
- 4.11 If Diagnose.me finds that the User does not meet any of the conditions for provision of the Service, Diagnose.me reserves the right not to provide the Service and to inform the User thereof immediately.
- 4.12 **If the User has at his/her disposal only one pathological tissue that can be analysed, the services Genomic testing and Pathology review cannot be performed at the same time. The User can choose which service to utilize first, or the Provider can recommend the choice and order based on the User's case.**

5. Restrictions on the Use of Services

- 5.1 Nationals and residents of the USA and Canada are not entitled to receive these Services.

- 5.2** You must not allow others to use these Services on your behalf, unless expressly allowed in the insurance policy.
- 5.3** You are not allowed to use the Services in judicial or regulatory proceedings.
- 5.4** You are not allowed under any circumstances to:
- (a) use the Services in a manner that might be considered as offensive or may interfere with the use by anyone else;
 - (b) disable, circumvent or tamper with our security systems;
 - (c) attempt to disable, circumvent or tamper with any of the restrictions when copying or duplicating any contents accessible through our Services;
 - (d) attempt to gain access to any personal data that may be stored in our Services on behalf of other Users;
 - (e) attempt to use the services for purposes other than those set out in these Terms of Use; or
 - (f) upload any data containing viruses or any other harmful computer code(s) restricting the functionality of the Services.
