- 2.2. In accordance with these Terms of Use, the User may or may not be the person whose Client Data is going to be reviewed by the Provider (“**Client**”). In case the User and the Client are not the same person, these Terms of Use apply to both the User and the Client.

- 2.6. To the User, we provide only ancillary services. Our services are provided “as they are” and are limited to administering the platform with profiles of various Providers, providing access to the list of Providers, a platform for temporary storage of data and communication with the Provider, helpdesk services of assistance, and payment settlement.
- 2.7. You acknowledge that the availability of a Provider’s information on the platform does not constitute our endorsement of or any guarantee relating to such Provider or the quality of his/her services.
- 2.8. The provision of the Report will be subject to the separate Report Agreement that you need to conclude with the relevant Provider (“**Report Agreement**”). Be aware that the content and quality of the Report is solely the Provider’s responsibility. We are in no way

- responsible nor liable for and have no control over the contents and quality of the Report or for any other obligations of the Provider. For the provision of the Report the Provider charges a total fee including all fees, costs and taxes ("**Report Fee**").
- 2.9. The provision of the Translated Written Report will be subject to the separate Translation Agreement that you need to conclude with the relevant Translator ("**Translation Agreement**"). Be aware that the content and the quality of the Translated Written Report is solely the Translator's responsibility. We are in no way responsible nor liable for and have no control over the contents and quality of the Translated Written Report or for any other obligations of the Translator. For the provision of the Translated Written Report the Translator charges a total fee including all fees, costs and taxes ("**Translation Fee**").
- 2.10. Notwithstanding the mandatory provisions of the law applicable in cases of individual Users, the Report Agreement will be governed by the laws of the country in which the Provider is located and the Translation Agreement will be governed by the laws of the country in which the Translator is located.
- 2.11. Providers may hold different opinions on the same issue. You agree and acknowledge that you may receive a different or contradictory information from different Providers. You agree and acknowledge that this does not mean that our Services are faulty or incomplete.
- 2.12. Should there arise any doubts as to whether the information and Client Data are sufficient for provision of the Report, it will be the Provider's discretion to make a final assessment.
- 2.13. The deadlines for the provision of the Written Report begin to pass only once you have submitted all the information and Client Data necessary for the provision of the Written Report and the Report Agreement has been formed. All the deadlines on the Website indicated in days are meant to be in working days counting from the following day.
- 2.14. It may be the case that the information or the Client Data you have provided the Provider with are not sufficient for the provision of the Report. If the information and Client Data you have submitted were incomplete or incorrect you will be requested by the Provider to supply correct and complete information and Client Data. It is at the discretion of the Provider to assess whether the information and Client Data are correct and complete. You will be obliged to supply the Provider with correct, suitable and complete information and Client Data as per Provider's request within 5 (five) business days. If you fail to do so, the Report is considered to be properly delivered.
- 2.15. Once the Provider has asked you to provide him/her with additional information, the deadline you have both agreed to, stops to pass. The deadline will continue to pass once you have provided the Provider with all the additional information or Client Data that s/he has asked you to provide.
- 2.16. You will not be allowed to submit medical data older than one (1) year. We accept such data only as a comparison with a newer set.

- 2.18. Please note that if you have ordered a Written Report from a different Provider previously, we may attach some or all of your previous Written Reports to your current order.
- 2.19. All the communication between the User and the Provider, whether exchanged in the form of the Report or otherwise, shall be related to the description of Client Data only. The Provider does not provide the User with treatment nor does s/he provide the User with any suggestions or comments on the preferred method of treatment.
- 2.20. The service provided by the Provider may differ from the diagnostic services provided by the Client's physicians. The Provider will not have the benefit of information that would be obtained by examining the Client in person and observing his/her physical condition. Therefore, the Provider may not be aware of facts or information that would affect its opinion of the Client's diagnosis. To reduce the risk to the Client of this limitation, it is strongly recommended and encouraged to discuss the Report with the Client's physician. By deciding to engage the services of the Provider, the User acknowledges and agrees that s/he is aware of this limitation and agrees to assume the risk of this limitation. Furthermore, the User agrees and accepts that: (i) the diagnosis s/he will receive is limited and provisional; (ii) the Report is not intended to replace a full medical evaluation or an in-person visit with a physician; (iii) the Provider does not have at his/her disposal important information that is usually obtained through a physical examination; and (iv) the absence of a physical examination may affect the Provider's ability to diagnose the Client's condition, disease or injury.
- 2.21. Any medical imaging may only be uploaded in the required format – DICOM (Digital Imaging and Communications in Medicine). Please be aware that in order to provide you with the Report, the Provider will need a complete sequence forming the images. Images should also be of sufficient quality and should capture the right body part. Should you not upload the image(s) suitable for review, the Provider will not be able to provide you with the Report and will ask you to upload suitable image(s).
